ABOUT US

The SoapArt brand creates a beautiful array of skincare products containing organic essential oils, butters, and natural clays, inspired by nature.

Our products are created with an ethos of being as kind to the earth as they are to your skin.

Each product is hand-made in The Netherlands. Our entire range is natural, vegan, and cruelty-free, created with carefully chosen, high quality ingredients.

OUR PACKAGING

All our products are hand packed, and our packaging is thoughtfully designed with the environment in mind. We don't use any plastic, artificial colors, or synthetic perfumes in our products. Our products make beautiful gifts, and we proudly supply custom-designed gifts for all occasions, including weddings, baby showers, and other special events.

OUR PARTNERS

We provide a white-label service for our B2B clients, and we're proud of the deep and lasting relationships we've built, based on our passion for quality, excellence, and reputation for delivery.

We supply to many different shops in the Netherlands and throughout Europe. From gift and soap shops to craft stalls.

All our products have the necessary safety reports and fully comply with the 1223/2009 European cosmetic regulations, made under GMP and registered with the CPNP.

We are dedicated to crafting products that have nourishing and healing qualities using only the best ingredients that nature has to offer.

Our products are made in small batches with love and attention to ensure the highest level of quality.

OUR BABY SOAP

This soap is inspired by the founder's background in neonatology, and from years' of working with babies and parents.

A truly gentle soap with 100% of ingredients sourced from nature.

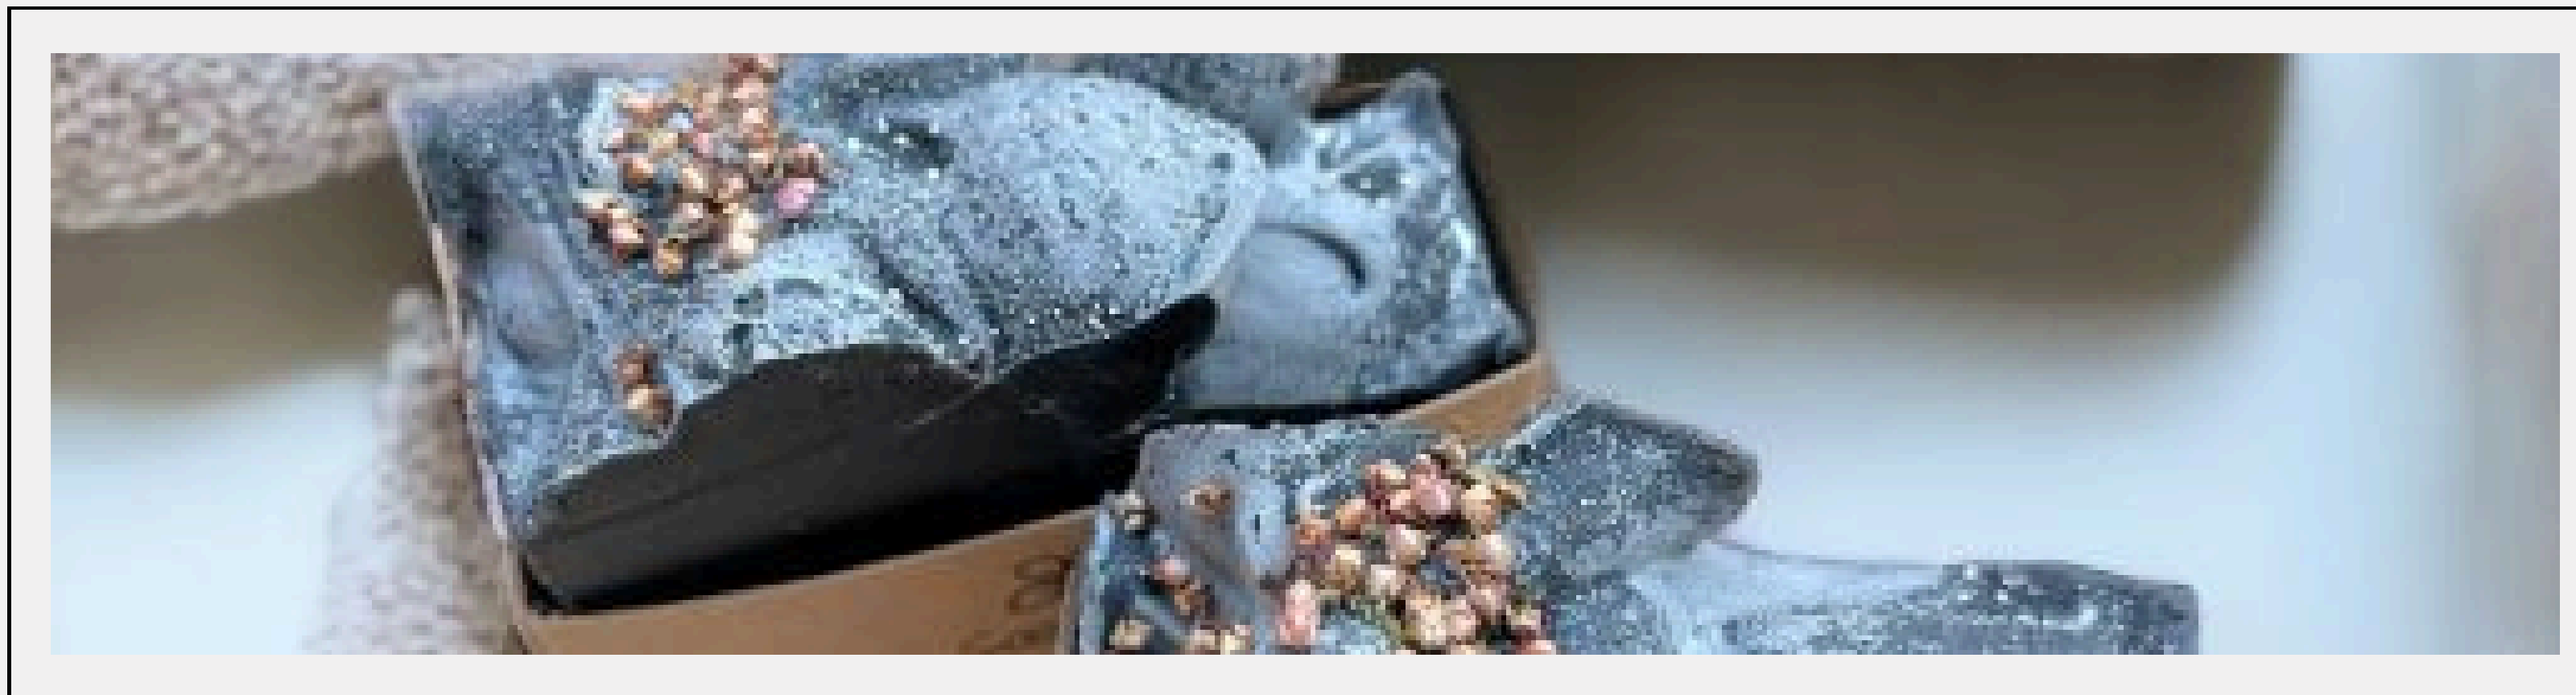

This soap is especially designed for newborn babies, is gently formulated, and ideal for use from birth. It is pure and simple with no additives, no colorants, no preservatives and organic wherever possible.
